# The Lost Happy Endings

## Arts Log

Name: ..... Age: .....

School: .....

## What is Arts Award?

Arts Awards are a range of qualifications that children and young people can take part in which help them learn about the arts, and to take part in creative activities.

To complete Arts Award Discover, you need to collect information about what you have learned whilst completing your Activity Book. This can be done through drawing, writing, photos or making something.

When you have completed all the activities, share what you have learned with someone else – your family, friends, or teachers. You can share a dance, your new stage set, or drawings you have done.

If you complete all the activities on this sheet and your arts log is assessed by an Arts Award adviser, you can receive an Arts Award certificate!

## Introduction to Arts Award Discover

### Part A: Discover

Throughout the Activity Book, you will discover different types of arts which help make a dance performance. There are lots of other types of art which you may know about too!

### Part B: Find Out

You will learn about some of the people involved in making The Lost Happy Endings.

### Part C: Share

You will be able to make dances, create your own set design, and draw fairy tale characters – what will you share, and who will you share it with?

Let's get started!

### ACTIVITY 1: Part A

A dance production is one way to bring this story to life. Can you make a list or draw a picture of other arts forms? For example, painting.

---

---

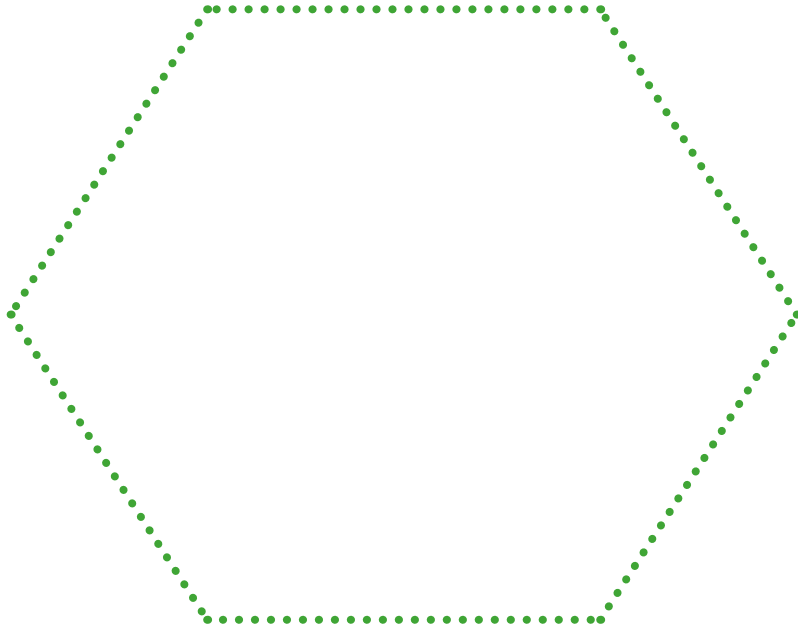

---

---

---

---

---

### ACTIVITY 2: Part A

On this page think about your Jub. What special powers would you like her to have? Be as creative as you like! You can write about or draw a character like Jub in the space below showing some of these powers. She might have a big sack like in the story.

### ACTIVITY 3: Part B

You have read about some of the people involved in making a dance show. What can you remember about them?

---

---

---

---

---

---

What art work do they make? Can you draw, write or make a poem about it in the box below?

### ACTIVITY 4: Part C

Have a little look back at all the activities you have completed and at your theatre box.

Now you have a miniature set all of your own that you have decorated. You can make up any stories and shows you would like with it now.

What will you share about what you have enjoyed and learnt with others from your balletLORENT Lost Happy Endings Activity Book?

Who will you share it with? Draw that person or those people below.

# Congratulations!

You have now completed your Arts Award Discover!

Please hand this sheet back to your teacher.

The Lost Happy Endings film, by balletLORENT is available to view on Marquee TV, an online streaming service for arts and culture. Subscription fees may apply.

You can use these Discover Arts Award resources in your school or community setting. If you are an Arts Award centre you can assess the awards. Alternatively, balletLORENT is an Arts Award centre, and can assess the awards for you. For more information, including costs, please contact James MacGillivray, Education and Projects Manager, balletLORENT: [james@balletlorent.com](mailto:james@balletlorent.com)
